LIBRARY

The library expanded this year to keep pace with the changing curriculum and the increasing enrollment. Since September over 2,000 volumes were added to the collection and many were displayed on the new book shelf. A more studious atmosphere was created by the addition of individual study carrels. For the further benefit of the students, a micro-film reader and microfilm cabinet were added. In association with the Artist and Lecture Series, the library displayed paintings by well known artists.

PHI UPSILON DELTA

The Phi Upsilon Delta Society, the nursing sorority, derives its name from the Greek Phylakes Hygeias Demou, which means "Guardians of the Health of the People." The purpose of the society is to encourage student participation in pre-professional organizations for nurses, to foster high ideals and high standards, to provide a close relationship among the students and between the students and faculty, and to aid in the development of the individual student by fostering good citizenship.

BSU

The main purpose of the Baptist Student Union is to create a Christian atmosphere on campus. They have sponsored informative programs such as the birth control discussion by a panel of two doctors and a Roman Catholic priest and the lecture given by a missionary about his life's work.

Delegates from the club attended the Spring Leadership Conference at Clemson the weekend of April 18.

GOLDEN HAWK

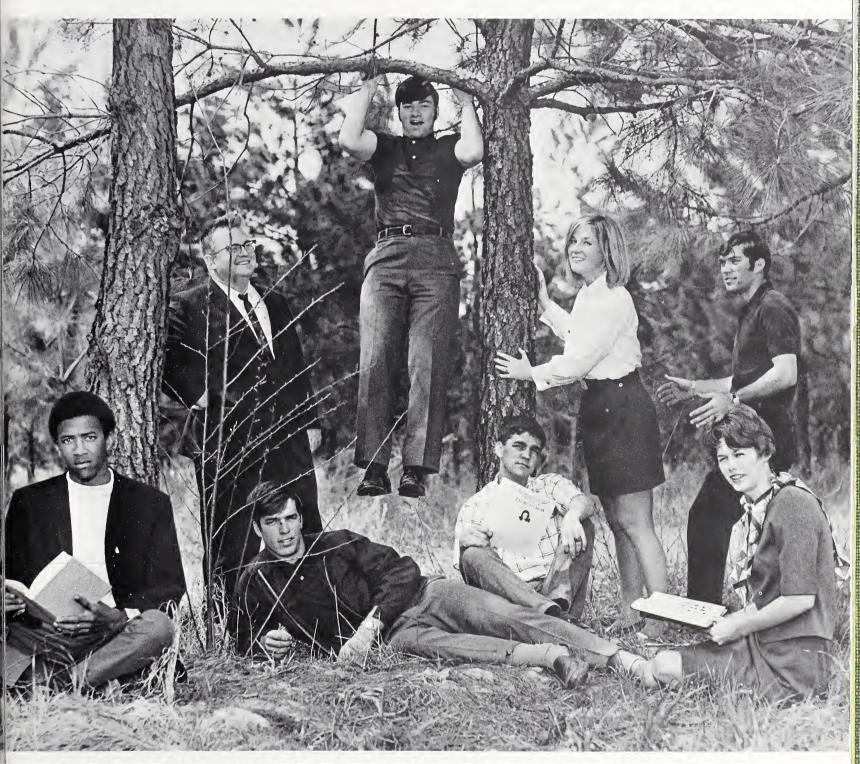

John Harllee-Advisor

The Golden Hawk acts as a medium for promoting student interest. Feature articles and current events utilize the writing talents of staff members. Public relations are enhanced by the newly created position of exchange editor. By circulating its newspaper to surrounding schools and colleges, Florence Regional Campus informs the public of its progress and of its hopes in becoming established as a four year college.

Polly Ray-Editor

STAFF

ROW ONE: Leonard Hopkins, George McDuffie, John Steele, Polly Ray. ROW TWO: Mr. Harllee, Advisor; Chuck McKissick, Wanda Hill, Ken Harbin.

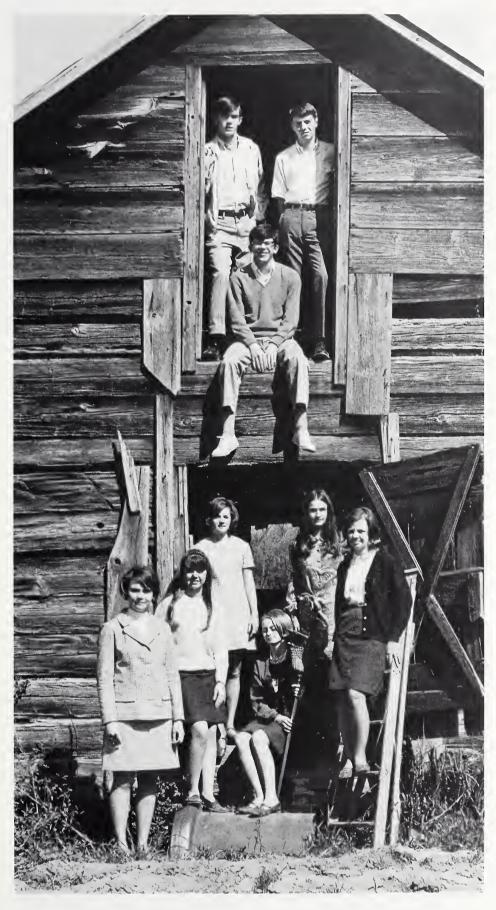

PRISM STAFF

Members of the 1969 annual staff worked diligently to produce USCF's first individual yearbook, the PRISM. Staff members began in the fall by selling copies of the yearbook instead of ads to businessmen in the surrounding areas. As the year progressed there were photographs to take, lay-outs to draw, and deadlines to meet. In order to have a complete annual covering the events from registration to graduation, an August delivery was scheduled. The Prism staff hopes that this yearbook will create a pictorial memory of the year for each student.

BASKETBALL

The 1969 Golden Hawks showed great spirit and determination even though their record was 8-17. Players spent many hours practicing shots, perfecting plays, and learning to perform as a team. Although they did not have a good season, there were several thrilling and close games of which the team and the students can be proud.

TENNIS TEAM

Balance and precision are keywords in the exciting game for those on the move. The tennis team worked toward achieving individual style and synchronization of movement. The year proved to be a challenging one with the record 4-7-1.

GOLF TEAM

Hal Herbert, Shawn Singletary, Steve O'Niel, Sam Cramer.

Most popular among people is the game emphasizing skill rather than strength. Golf offers exercise, a stimulating atmosphere, and the challenge of overcoming such obstacles as sand traps, water holes, trees and shrubs. The skill lies in accuracy and distance. USCF is justifiably proud of the accomplishments made by this outstanding team with a record of 3-4-1 and placing second in the Regional Tournament.
